BIOGRAPHY

CUPSWITDAICE is a DJ team, which consists of the Munich residents DJ Hotsauce and DJ Silence – both members of the infamous Crux Pistols. Out of the team DJ Hotsauce is the veteran in the game. He has spent several years of his DJ career in Atlanta, GA, is an award winning DJ (2x Justo Awards "Best International Mixtape DJ") and is also member of the legendary Oomp Camp (UNK – Walk It Out). Over the past couple of years he has shared the stage with artists like Outkast, Lil Jon, 2 Chainz, TI, Rick Ross, DJ Khaled and many more. He has played clubs, venues and tours in cities like New York, Paris, Tokyo, Munich, Atlanta, Berlin and Los Angeles.

DJ Silence is the hot shot of the team, having started his DJ career a couple of years ago he has already established himself within the club scene in Germany. Silence also started out doing mixtapes with several up and coming artists and brands. He then launched his residency at Munich's Crux club, which led to him currently playing shows all around Germany.

After having then played numerous gigs together they decided to team up and form their team **CUPSWITDAICE** with a mission to bring hard hitting 808s and strip club anthems to the European club scene.

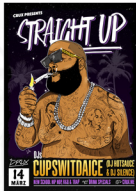

To exhibit their mission statement they started a monthly new school hiphop event at Munich's Crux titled ***StraightUp!***

You can find more information on **CUPSWITDAICE** at www.cupswitdaice.com – where you can also follow them on their travels and always find their latest tunes and mixes.
